

Features of the Masterplan

- 1 Remove existing playground
- 2 Retain and resurface the existing tennis court. Modify gate to allow public access.
- 3 Remove the existing en tout cas tennis courts including fencing. Establish new playspace and recreation area.
- 4 Rationalise, upgrade or remove existing lighting around tennis courts to suit proposed recreational uses.
- 5 Renew and consolidate park barriers overtime. Replace existing log and mesh fencing with bollards, seating, boulders and planting where suitable.
- 6 Renew existing netball court surface and upgrade lighting. Establish multi-purpose courts with netball and basketball linemarkings and reversible basketball / netball towers.
- 7 New change rooms and toilets including a storage cage to service demand in sports participation.
- 8 Extension to car park including new driveway to improve circulation. Layout is indicative, subject to engineering design.
- 9 Provide additional paths to improve access within the reserve and connect to the existing neighbourhood footpath network. Provide seating along path.
- 10 Provide three outdoor exercise stations within the reserve. Equipment to cater to a range of ages and fitness levels and abilities.

- 11 New seats to be installed for reserve users and spectators.
- 12 New 90 degree indented parking bays along Kingston Street. Number of spaces and configuration to be determined by engineering design.

Legend

- | | | | | | |
|---|--------------------------------|---|------------------------------------|---|---|
|  | Existing tree |  | Lawn |  | Existing cyclone fence. Investigate renewal |
|  | Proposed tree |  | Garden Bed |  | Oval floodlights |
|  | Existing concrete path |  | Proposed Outdoor Exercise Stations |  | Lights to be retained / upgraded or removed to suit proposed recreational use |
|  | Proposed granitic sand surface |  | Proposed Play Space |  | Proposed seat |
|  | Proposed concrete path |  | Proposed fitness track |  | Existing / proposed barriers e.g. bollards, boulders |

- 13 New playspace with a variety of equipment including swings and slides, nature play elements and feature trees.
